STATUS REQUEST

Dear Sir:

The above-referenced Patent Application was filed on December 29, 2003. The Declaration and Assignment contained the signature of only one (1) of the inventors, Charbel Khawand. Other than a self-addressed Return Postcard, the only correspondence that we have received from the USPTO is a Notice of Recordation of the Assignment document which is dated July 15, 2004.

We never received from the USPTO a Notice of Missing Parts to file the remaining inventors' signatures. We checked with PAIR; however, no record of this Application with the above Serial Number corresponding to our Customer Number 24273 appears in PAIR.

Please provide us with the status of this Application, including any action that we must take to advance the prosecution of this Application.

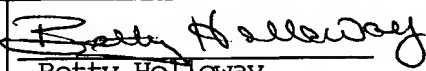

Respectfully submitted:
